Abdel Tawfik, Quality Assurance Manager  
EMIRATES STEEL INDUSTRIES  
P.O.BOX 9022  
INDUSTRIAL CITY OF ABU DHABI (ICAD-1)  
MUSSAFAH  
ABU DHABI  
UNITED ARAB EMIRATES

Subject: Renewal of ASME Quality System Certificate As A Material Organization (QSC-677) (Issued for location at: INDUSTRIAL CITY OF ABU DHABI (ICAD-1), (Plot # 11E4, 13E2, 1SE, 1E20 and 17A), MUSSAFAH, ABU DHABI, UNITED ARAB EMIRATES)

Dear Abdel Tawfik:

Enclosed is your Certificate. If this is a new issuance, the Certification Mark is also enclosed. The purpose of the Certification Stamp is solely for application to items, which have been built in accordance with the Code, and the use of the certification mark in advertising is restricted. Please note that there are no certification marks for Quality System Certificates, Owners Certificates and Quality Assurance Program Certificates.

Since a renewal notice will be mailed eight months (four months for Owners) prior to the expiration date shown on the enclosed Certificate to the individual and address shown above, it is important that we be informed of any changes. In any case, it is your responsibility that we receive renewal applications, including deposit, six months (one month for Owners) prior to the expiration of the enclosed Certificate.

If you make reference to the ASME Symbol in your advertising, it is required that you follow the "STATEMENT OF POLICY ON THE USE OF THE CERTIFICATION MARK AND CODE AUTHORIZATION IN ADVERTISING" which appears in the preliminary material in each Section of the ASME Boiler and Pressure Vessel Code.

Very truly yours,

Bibi W. Rahim, Manager  
ASME Conformity Assessment Department  
(212) 591-8585

# QUALITY SYSTEM CERTIFICATE

This certifies the named company as having had their quality system program verified for the scope of activity shown below in accordance with the applicable rules of the ASME Boiler and Pressure Vessel Code. The certification granted by this certificate is subject to the provisions of the agreement set forth in the application. This certificate does not include authorization to use the ASME certification mark. Any material produced under this certificate will have been manufactured strictly in accordance with the provisions of the ASME Boiler and Pressure Vessel Code.
