Board of Directors' report to the shareholders for the six-month period ended 30 June 2021

On behalf of Arkan Building Materials Company's (Arkan) PJSC Board of Directors ("Arkan or the "Company"), I am pleased to present the Board of Directors' report for the six months ended 30 June 2021, together with the reviewed condensed consolidated financial statements for the same period of 2020.

Arkan's revenue in the first six months of 2021 was AED 418.08 million compared to AED 387.43 in the same period in 2020. The increase in revenue came from increased sales of clinker to export markets and an increase in dry mortar sales. However, revenue from the local market decreased due to overall lower sales volumes and decreased selling prices.

Recognising the challenges in the local market, the management team is actively looking to grow revenues by selling more products to export markets, as successfully achieved with clinker in the first half.

The Group's net loss for the same period was AED 23.24 million, compared to a net profit of AED 2.13 million for the first half of 2020. The reduction in profit was attributed to lower demand due to delays in construction projects, an increase in raw material prices and a reduction in selling prices.

Arkan's management also continues to implement a series of cost saving initiatives to adapt to the current market environment and improve the company's profitability. The cost rationalisation programme, which was implemented in Q4 2020, led to AED 14 million of cost savings in the first six months of 2021.

Review of Operations

Cement Operations:

Revenue from Arkan's Cement segment increased to AED 239.15 million for the first six months of 2021 from AED 196.51 in the first half of 2020, due to strong clinker export sales of AED 31.30 million. Loss from this segment for the first six months of 2021 was AED 4.17 million as compared to a net profit of AED 7.91 million for the same period of 2020. This decrease mainly resulted from lower cement volumes and prices in the local market.

Concrete Blocks and Dry Mortar:

Revenue from Arkan's Blocks segment was AED 96.39 million for the first six months of 2021, compared to AED 98.41 million for the same period of 2020. Loss from this segment, in the first six months of 2021, was AED 0.72 million as compared to a profit of AED 2.01 million for the same period of 2020. In addition to COVID-19's impact on selling prices, the segment had to recognise an additional provision for receivables under accounting standard IFRS 9.

GRP Pipes:

Revenue from Arkan's GRP segment was AED 39.20 million for the first six months of 2021, compared to AED 43.33 million in the first half of 2020. Profit from this segment was AED 6.35 million in the first six months of 2021, compared to a net profit of AED 9.86 million for the same period of 2020. Although the GRP segment was successful in achieving better margins, the segment also had to recognise an additional provision for receivables under accounting standard IFRS 9.

Board of Directors' report to the shareholders for the six-month period ended 30 June 2021 (continued)

PVC Pipes:

Arkan's PVC Pipes segment sales revenue was AED 36.01 million for the first six months of 2021, compared to AED 40.07 million for the same period of 2020. The net loss from this segment was AED 5.99 million for the first six months of 2021, compared to a profit of AED 1.28 million for the same period of 2020, due to lower market demand, an increase in raw material prices and an additional provision for receivables under accounting standard IFRS 9.

Bags:

Arkan's Bags segment sales revenue was AED 7.33 million for the first six months of 2021, down on the AED 9.09 million achieved in the same period of 2020. Profit from this segment amounted to AED 0.48 million for the first six months of 2021, compared to AED 0.29 million for the same period of 2020, due to lower raw materials cost.

Liquidity

The Company's cash and cash equivalents were AED 57.68 million as of 30 June 2021 (31 December 2020: AED 73.96 million).

Investments

The share of profit from associates for the first six months of 2020 was AED 1.56 million compared to profit of AED 1.27 million in the same period of 2020. The Company received a cash dividend of AED 1.2 million from this investment during the period (2020: AED 3.4 million).

Total Assets & Shareholders' Equity

The total assets of the Company equaled AED 3.12 billion at the end of 30 June 2021 (31 December 2020: AED 3.26 billion). The value of shareholders' equity was at AED 1.70 billion as of 30 June 2021 compared to AED 1.72 billion as of 31 December 2020.

Proposed strategic combination with Emirates Steel Industries PJSC

On 9 May 2021, Arkan announced that the Arkan Board had received an offer from General Holding Corporation PJSC (SENAAT), one of the UAE's largest industrial holding companies and an existing large shareholder in Arkan. The offer proposed a transaction whereby SENAAT would transfer the entire issued share capital of Emirates Steel Industries PJSC ("ESI") to Arkan in consideration for the issuance by Arkan to SENAAT of a mandatory convertible instrument, convertible into ordinary shares in the capital of Arkan (the Transaction).

Board of Directors' report to the shareholders for the six-month period ended 30 June 2021 (continued)

Proposed strategic combination with Emirates Steel Industries PJSC (continued)

The consideration for the contribution of the entire issued share capital of ESI to Arkan will be satisfied by the issuance by Arkan to SENAAT of mandatory convertible instruments for an aggregate principal amount of AED 4,069,800,000 (the Convertible Instrument), which shall be convertible into 5,100,000,000 ordinary shares of a nominal value of AED 1 each in the capital of Arkan (the New Arkan Shares). The price at which the Convertible Instrument will convert into the New Arkan Shares is AED 0.798 per new ordinary share in Arkan which was determined on the basis of all the financial, technical studies and the valuation, which the Board of Arkan has reviewed. The Convertible Instrument will be converted into New Arkan Shares. Arkan will continue to be listed on the Abu Dhabi Securities Exchange (ADX).

On 24 June 2021, Arkan's Board of Directors agreed to recommend the Transaction to its shareholders. Shareholders' will vote on the transaction at the General Meeting on 9 August 2021.

On behalf of the Board of Directors:

Jamal Salem Al Dhaheri Chairman

8 August 2021

REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF ARKAN BUILDING MATERIALS COMPANY (ARKAN) PJSC

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of Arkan Building Materials Company (ARKAN) PJSC (the "Company") and its subsidiaries (together with the Company, the "Group") as of 30 June 2021 and the related condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the six-month period then ended. Management of the Group is responsible for the preparation and presentation of this condensed consolidated financial information in accordance with International Accounting Standard IAS 34, "Interim Financial Reporting (IAS 34)". Our responsibility is to express a conclusion on this condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity". A review of condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

The accompanying notes form an integral part of these condensed consolidated interim financial statements.

1 General information

Arkan Building Materials Company (ARKAN) PJSC ("Arkan" or the "Company") was incorporated in Abu Dhabi, United Arab Emirates ("UAE") as a Public Joint Stock Company pursuant to Ministerial Resolution No. 228 for the year 2006. General Holding Corporation PJSC (SENAAT) (the "Parent Company") owns 51% of the Company's shares. The Ultimate Parent Company of Arkan is Abu Dhabi Developmental Holding Company PJSC (ADQ).

The principal activities of the Company include operating, trading and investing in industrial projects and commercial companies involved in the building materials sector.

These condensed consolidated interim financial statements include the performance and financial position as at and for the six-month period ended 30 June 2021 of the Company and its subsidiaries (collectively referred to as the "Group").

The principal activity, country of incorporation and operation, and ownership interest of the Company in the subsidiaries is set out below:

Name of subsidiary	Country of incorporation	Proportion of ownership interest and voting held by the Group		Principal activity
		30 June 2021	31 December 2020	
Emirates Blocks Factory	UAE	100%	100%	Production and sale of cement blocks.
Emirates Cement Factory	UAE	100%	100%	Production and sale of packed and bulk cement.
Al Ain Cement Factory	UAE	100%	100%	Production and sale of packed and bulk cement.
Anabeeb Pipes Manufacturing Factories	UAE s	100%	100%	Production and sale of pipes, manufacturing pipes, plastic and paper bags.

¹ Operations of Emirates Cement Factory were discontinued in December 2016 and currently Emirates Cement Factory does not have any operations.

2 Application of new and revised International Financial Reporting Standards (IFRS)

The accounting policies used in the preparation of this condensed interim financial information are consistent with those used in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2020, and the notes attached thereto, except for the adoption of certain new and revised standards, that became effective in the current period as set out below.

2.1 New and amended standards adopted by the Group

In the current period, the Group has applied the following amendments to IFRSs issued by the International Accounting Standards Board ("IASB") that are mandatorily effective for an accounting period that begins on or after 1 January 2021. The application of these amendments to IFRSs has not had any material impact on the amounts reported for the current period but may affect the accounting for the Group's future transactions or arrangements.

• Interest Rate Benchmark Reform – Phase 2
The amendments in Interest Rate Benchmark Reform- Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16) introduce a practical expedient for modifications required by the reform, clarify that hedge accounting is not discontinued solely because of the IBOR reform, and introduce disclosures that allow users to understand the nature and extent of risks arising from the IBOR reform to which the entity is exposed to and how the entity manages those risks as well as the entity's progress in transitioning from IBORs to alternative benchmark rates, and how the entity is managing this transition.

Other than the above, there are no other significant IFRSs and amendments that were effective for the first time for the financial year beginning on or after 1 January 2021.

2.2 New and revised IFRS in issue but not yet effective and not early adopted

The Group has not early adopted the following new and revised IFRSs that have been issued but are not yet effective:

- Classification of Liabilities as Current or Non-Current amendments to IAS 1 (effective from 1 January 2023). The amendments aim to promote consistency in applying the requirements by helping companies determine whether, in the statement of financial position, debt and other liabilities with an uncertain settlement date should be classified as current (due or potentially due to be settled within one year) or non-current;
- Reference to the Conceptual Framework Amendments to IFRS 3 (effective from 1 January 2022). The amendments update an outdated reference to the Conceptual Framework in IFRS 3 without significantly changing the requirements in the standard;
- Property, Plant and Equipment Proceeds before Intended Use amendments to IAS 16 (effective from 1 January 2022). The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the cost of producing those items, in profit or loss;

- 2 Application of new and revised International Financial Reporting Standards (IFRS) (continued)
- 2.2 New and revised IFRS in issue but not yet effective and not early adopted (continued)
- Onerous Contracts Cost of Fulfilling a Contract amendments to IAS 37 (effective from 1 January 2022). The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract);
- IFRS 17: Insurance Contracts (effective from 1 January 2023). IFRS 17 requires insurance liabilities to be measured at a current fulfilment value and provides a more uniform measurement and presentation approach for all insurance contracts. These requirements are designed to achieve the goal of a consistent, principle-based accounting for insurance contracts. IFRS 17 supersedes IFRS 4 Insurance Contracts as at January 1, 2023;
- Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures (2011) relating to the treatment of the sale or contribution of assets from an investor to its associate or joint venture. (Effective date deferred indefinitely. Adoption is still permitted).
- Annual Improvements to IFRS Standards 2018–2020 (effective from 1 January 2022). The Annual Improvements include amendments to IFRS 1 First-time Adoption of International Financial Reporting Standards (effective from January 1, 2022), IFRS 9 Financial Instruments (effective from January 1, 2022), IFRS 16 Leases (effective date not yet decided) and IAS 41 Agriculture (effective from January 1, 2022).
- Disclosure of Accounting Policies Amendments to IAS 1 and IFRS Practice Statement 2 (effective from 1 January 2023). The amendments require that an entity discloses its material accounting policies, instead of its significant accounting policies. Further amendments explain how an entity can identify a material accounting policy. Examples of when an accounting policy is likely to be material are added. To support the amendment, the Board has also developed guidance and examples to explain and demonstrate the application of the 'four-step materiality process' described in IFRS Practice Statement 2.
- Definition of Accounting Estimates Amendments to IAS 8 (effective from 1 January 2023). The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The amendments clarify that a change in accounting estimate that results from new information or new developments is not the correction of an error.
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction Amendments to IAS 12 (effective from 1 January 2023). The main change in Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) is an exemption from the initial recognition exemption provided in IAS 12.15(b) and IAS 12.24. Accordingly, the initial recognition exemption does not apply to transactions in which equal amounts of deductible and taxable temporary differences arise on initial recognition. This is also explained in the newly inserted paragraph IAS 12.22A.

2 Application of new and revised International Financial Reporting Standards (IFRS) (continued)

2.2 New and revised IFRS in issue but not yet effective and not early adopted (continued)

Management anticipates that these new standards, interpretations and amendments will be adopted in the Group's consolidated financial statements as and when they are applicable and adoption of these new standards and amendments may have no material impact on the condensed consolidated financial statements of the Group in the period of initial application.

There are no other applicable new standards and amendments to published standards or IFRIC interpretations that have been issued that would be expected to have a material impact on the condensed consolidated financial information of the Group.

3 Summary of significant accounting policies

Statement of compliance

These condensed consolidated interim financial statements are prepared in accordance with International Accounting Standard (IAS) 34, "Interim Financial Reporting" and also comply with the applicable requirements of the laws in the U.A.E. They do not include all the information required for full annual financial statements, and should be read in conjunction with the consolidated financial statements of the Group as at and for the year ended 31 December 2020. In addition, results for six-month period ended 30 June 2021 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2021.

Basis of preparation

These condensed consolidated financial statements are presented in UAE Dirhams (AED) which is the functional currency of the Group and all values are rounded to the nearest thousand (AED'000) except when otherwise indicated.

These condensed consolidated financial statements have been prepared on the historical cost basis.

The accounting policies applied by the Group in these condensed consolidated interim financial statements are consistent with those in the audited annual consolidated financial statements for the year ended 31 December 2020, except for the adoption of new standards and interpretations effective 1 January 2021.

Going concern

During the period, the Group entered into an amendment agreement with Term 1 lenders for a repayment holiday up to 17 December 2022. In addition, based on the Group's existing cash position, the funds available from undrawn facilities which amounted to AED 168.47 million at the reporting date and the expected free cash flow to be generated from operations will be sufficient for the Group to meet its obligations as they fall due for a period of at least 12 months from the date of these consolidated financial statements.

Accordingly, and taking into consideration the impact of Covid-19 to the Group's future cash flows, these consolidated financial statements have been prepared on a going concern basis.

4 Critical judgements and key sources of estimation uncertainty

Changes in judgements and estimation uncertainty

The critical judgements and estimates used in the preparation of these condensed interim financial information are consistent with those used in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2020.

5 Property, plant and equipment

During the six-month period ended 30 June 2021, the Group acquired assets with a cost of AED 11,964 thousand (30 June 2020: AED 7,069 thousand). Cement factory has been pledged against a loan received from a bank for the construction of the factory. Assets with net carrying value of AED Nil were disposed during the period with net proceeds from the sale amounting to AED 1,081 thousand (2020: AED Nil).

Depreciation charge for the period amounted to AED 35,770 thousand (30 June 2020: AED 36,345 thousand).

6 Investment in associates

10 Related parties

In the ordinary course of business, the Group enters into transactions at agreed terms and conditions which are carried out on commercially agreed terms, with other business enterprises or individuals that fall within the definition of a related party contained in International Accounting Standard 24 (IAS 24). Related parties comprise shareholders, directors, key management staff and business entities in which they have the ability to control or exercise significant influence in financial and operating decisions.

The Government of Abu Dhabi, indirectly owns 51% of the Company's outstanding shares. The Group has elected to use the exemption under IAS 24 for government related entities on disclosing transactions and related outstanding balances with government related entities owned by the Government of Abu Dhabi other than the Parent Company and entities it owns and controls. The Company's significant transactions with the Government of Abu Dhabi and other entities controlled, jointly controlled or significantly influenced by the Government of Abu Dhabi are a large portion of its direct cost, lease rental payments and interest payments on certain loans.

The Group also has, at 30 June 2021, loans and cash balances with banks under the common control of the Government of Abu Dhabi, lease liabilities with and payables to Government municipalities and payables to a distribution company owned by the Government of Abu Dhabi.

Balances with these related parties generally arise from commercial transactions in the normal course of business on arm's length basis. Balances with related parties reflected in the consolidated statement of financial position at the reporting date comprised:

		333,177	537,391	870,568	529,327	403,678	933,005

Term loan 1 is a 10-year term loan of AED 1,200 million obtained in 2014 by the Group to finance the construction of the Group's new cement factory. The term loan is payable over 9 years semi-annually commencing from March 2016. The loan carries variable interest at EIBOR plus a margin. The term loan is secured by assets with a carrying amount of AED 1,467 million (2020: AED 1,553 million).

On 10 March 2021, the Group entered into an agreement with its Term Loan 1 lenders for a repayment holiday up to 17 December 2022. Consequently, the entire balance is presented as non-current liabilities in the current period.

Term loan 2 of AED 14.8 million was obtained from a commercial bank for financing the cost of the new office of the Group. The loan is repayable in 36 equal quarterly installments from November 2014 and carries variable rate of interest.

Short term loan 1 with facility amount of AED 150 million was obtained from an Islamic bank for financing the working capital of the Group. The loan is repayable in 180 days and carries variable rate of interest.

12 Borrowings (continued)

Short term loan 2 with facility amount of AED 100 million was obtained from a commercial bank for financing the working capital of the Group. The loan is repayable in 180 days carries variable rate of interest.

Short term loan 3 of AED 150 million was obtained from Islamic bank for financing the working capital of the Company. The loan is repayable in 180 days and carries variable rate of interest.

Short term loan 4 with facility amount of AED 50 million was obtained from a commercial bank for financing the working capital of the Group. The loan is repayable in 90 days carries variable rate of interest.

Short term loan 5 with facility amount of AED 25 million was obtained from a commercial bank for financing the working capital of the Group. The loan is repayable in 90 days carries variable rate of interest.

The above bank guarantees and letters of credit were issued in the normal course of business.

15 Segment reporting

The Group has five reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Board of Directors reviews internal management reports on at least a quarterly basis.

The following summary describes the operations in each of the Group's reportable segments:

- Cement segment, which includes production and sale of cement;
- Blocks segment, which includes production and distribution of blocks;
- Poly-Vinyl Chloride ("PVC") Pipes segment, which includes the production and sale pipes;
- Glass Reinforced Polyester ("GRP") Pipes segment, which includes the production and sale pipes; and
- Bags segment, which includes production and sale of paper bags.

Information regarding the results of each reportable segment is included below. Performance is measured on segment profit as included in the internal management reports that are reviewed by the Group's CEO and Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

	3 months en	ded 30 June	6 months ended 30 June		
	2021	2020	2021	2020	
	(unaudited)	(unaudited)	(unaudited)	(unaudited)	
(Loss)/profit for the period (AED'000)	(24,461)	(8,406)	(23,240)	2,127	
Weighted average number of shares in issue					
(thousands of shares)	1,750,000	1,750,000	1,750,000	1,750,000	
					
Earnings per share (AED)	(0.014)	(0.005)	(0.013)	0.001	

There were no potentially dilutive securities as at 30 June 2021 and 2020, and accordingly, diluted earnings per share are the same as basic earnings per share.

18 Seasonality of results

No significant income of a seasonal nature was recorded in the condensed consolidated statement of profit or loss for the six-month period ended 30 June 2021 and 2020, except for the volatility arising from COVID-19.

19 Comparative information

Impairment losses on financial assets and impairment losses on non-financial assets have been presented separately as a one-line items in the face of the condensed consolidated statement of profit or loss to conform to the current period presentation. In the 30 June 2020 condensed consolidated interim financial statements, it was presented under impairment losses.

20 Subsequent events

On 9 May 2021, Arkan announced that the Arkan Board had received an offer from General Holding Corporation PJSC (SENAAT), one of the UAE's largest industrial holding companies and an existing large shareholder in Arkan. The offer proposed a transaction whereby SENAAT would transfer the entire issued share capital of Emirates Steel Industries PJSC ("ESI") to Arkan in consideration for the issuance by Arkan to SENAAT of a mandatory convertible instrument, convertible into ordinary shares in the capital of Arkan (the Transaction).

The consideration for the contribution of the entire issued share capital of ESI to Arkan will be satisfied by the issuance by Arkan to SENAAT of mandatory convertible instruments for an aggregate principal amount of AED 4,069,800,000 (the Convertible Instrument), which shall be convertible into 5,100,000,000 ordinary shares of a nominal value of AED 1 each in the capital of Arkan (the New Arkan Shares). The price at which the Convertible Instrument will convert into the New Arkan Shares is AED 0.798 per new ordinary share in Arkan which was determined on the basis of all the financial, technical studies and the valuation, which the Board of Arkan has reviewed. The Convertible Instrument will be converted into New Arkan Shares. Arkan will continue to be listed on the Abu Dhabi Securities Exchange (ADX).

On 24 June 2021, Arkan's Board of Directors agreed to recommend the Transaction to its shareholders. Shareholders' will vote on the transaction at the General Meeting on 9 August 2021.

21 Approval of condensed consolidated interim financial statements

These condensed consolidated interim financial statements were approved by the Board of Directors and authorised for issue on 8 August 2021.
